First we watched a video of Ken Burns saying “jazz” over and over and over and over and over and over again.

Ben sounds like a crocodile.

Paul Simon Concert:

- Where do we want to have it?
 - Should we turn the music room into a neutral space?
 - “Concert in the Band Room.” - oh.
 - We’re going to have it in the theatre. **Pierce** will look into that.
- When do we want to have it?
 - We need to schedule around the Spring Plays.
 - The 3rd and the 10th are Fridays. **Pierce** will look into that.
- We are going to cover one of Paul Simon’s albums.

Middle School Lessons:

- There are two ideas, lessons and making connections, and they’ve become the same idea.
- This late in the year, maybe it would be best to just try to make the connections.
- **Mr. Remy** will find out the specific times that each school rehearses.
 - Hannah has senior privileges Block D next semester, so she can go anywhere.

- We should figure out everyone else's schedules too.

Equipment:

- We've lost a lot of equipment, and it's costing us a lot of money.
- Everything needs its own organizational system.
 - Sign in and out paper.
 - **Pierce** will check with theatre tech about things that might have ended up there.
- A locking cabinet for equipment?
 - Mary Ellen did inventory in storage - a couple weeks later things were messed up.

Welcome Party for Gene:

- Gene's birthday is August 11.

"I'm googling coyote urine right now. You can get it for \$7.99 on Amazon!" - Remy
