How do we find the results of the locker survey?

Will reads the results to Zak and Zak records them. "Screaming success"

Contemplating what to do now-Should we inspect each locker individually.

Will looks at lockers to seem if there is actually a problem.

Should we vote on choosing an album-Not enough people at the meeting-we can put it online

When should we have the Paul Simon concert?

Can't do June 3rd

Day after graduation?

Day after Blueberry Jam?

Will having the concert the day after another school performance have repercussions?

Can we perform at Blueberry Jam? It would be better to have it sooner than later.

Everyone blew their nose.

Which album are we doing? Still don't know. We need many singers to do Graceland.

"I left the tickets on the piano..."

Tri-M auditions/letters should be due after vacation just like NHS application.

Kevin "show choir is over tomorrow so lets get on that pep band business"

Ben Hagle is going to get books from individual sections in the pep band.

This is the best meeting every.

Matt Cox walks into the music room and gives the evil eye.
